

Specifications & Properties

Flash Point: Not applicable
Physical State: Clear Liquid
Flammable: NO

Description

Floor Neutralizer This product is a concentrated blend of organic sugar acids used for neutralization of alkaline floor wax strippers, deodorizing carpets and cleaning porous concrete/grout. It is also effective for removing ice melt salt stains in winter months. This low odour neutralizer does not contain any strong, fuming mineral acids. It is a safe-to-use and environmentally responsible product; it is readily biodegradable and it contains no perfumes or artificial coloring.

Features & Benefits

- Biodegradable
- Low Odour Neutralizer

Applications

- Floors and Carpets

Directions

Floor Neutralizer To neutralize alkaline floor wax strippers: Dilute 1:50 – 1:20 (20 mL/L – 50 mL/L) with cold water. Flood the floor with diluted product. Allow 5 minutes for neutralization. Remove excess liquid and allow to dry. To remove problematic odours from carpets: Dilute 1:100 – 1:50 (10 mL/L – 20 mL/L) with hot water. Use in carpet cleaning machine after initial cleaning treatment. For cleaning porous concrete/grout: Dilute 1:1 with cold water. Manually scrub. Remove excess product and rinse. For ice melt salt removal: Dilute 1:50 – 1:20 (20 mL/L – 50 mL/L) with cold water. Mop salt stains.

Packaging & Handling

Floor Neutralizer is available in 3.8L, 18.9L. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers. Before use be sure to read and follow directions and precautions on product label and material safety data sheets (SDS).
