## Non-Etching Aluminum Brightener

### Specifications & Properties

Flash Point: Not applicable  
Physical State: Clear pink liquid  
Flammable: NO

### Description

**Non-Etching Aluminum Brightener** This product is a ready to use formula containing biodegradable surfactants and an effective blend of acids. It will restore and retain polished aluminum, stainless steel and hard chrome surfaces. Use on RV's, bulk carriers, wheels, fuel tanks, and dump trucks to remove road film, soot, dirt, oil and corrosion.

### Features & Benefits

- Economical concentrate
- Safe on all surfaces

### Applications

- Automotive
- Heavy Equipment
- Trailers
- Tankers

### Directions

**Non-Etching Aluminum Brightener** Apply products in small sections (12m) working from the bottom up. Spray a thin film of product to the section. Allow two minutes dwell time and rinse section thoroughly.

NOTE: Avoid using product on hot surfaces and do not allow concentrated product to dry on surface

### Packaging & Handling

**Non-Etching Aluminum Brightener** is available in 3.8L, 18.9L, 208L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers. Before use be sure to read and follow directions and precautions on product label and material safety data sheets (SDS).
