

Specifications & Properties

Flash Point: Not applicable
Physical State: White Liquid
Flammable: NO

Description

ALKALINE ALUMINUM CLEANER/BRIGHTENER This product is an excellent alkaline cleaner and brightener of aluminum trailers and other exterior aluminum surfaces, painted or unpainted. As opposed to acid aluminum brighteners, which require a cleaning operation prior to brightening, this product will do both in one operation. This product contains active alkaline builders, detergent, wetting agents, water conditioners, road film removers and corrosion inhibitors.

Features & Benefits

- Economical concentrate
- Safe on all surfaces

Applications

- Automotive
- Heavy Equipment
- Trailers
- Tankers

Directions

ALKALINE ALUMINUM CLEANER/BRIGHTENER Use in concentrations of 1:5 to 1:20 parts of water. Less product is needed on painted surfaces. All surfaces should be wetted down with water prior to cleaning. After applying leave for 3 - 5 minutes then rinse well with water.

Packaging & Handling

ALKALINE ALUMINUM CLEANER/BRIGHTENER is available in 3.8L, 18.9L, 208L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers. Before use be sure to read and follow directions and precautions on product label and material safety data sheets (SDS).
