

THE MAD CHEMIST

AUTOMOTIVE PRESPRAY

Specifications & Properties

Flash Point: Not applicable
Physical State: Red Liquid
Flammable: NO

Description

AUTOMOTIVE PRESPRAY This product is a high alkaline, solvent-free red liquid prespray for degreasing vehicles entering the car wash. Its detergent builders, emulsifiers and surfactants are thus given a chance to effectively loosen hard-to-remove soil and film for easier and more effective cleaning and degreasing.

Features & Benefits

- High Alkaline
- Solvent-free
- Safe on all surfaces

Applications

- Automotive
- Car Washes

Directions

AUTOMOTIVE PRESPRAY Dilute product with 150 to 250 parts of warm water. Amounts used will depend on car wash application and amount of soil. Cover the vehicle with the solution. Do not allow it to dry on the surface.

Packaging & Handling

AUTOMOTIVE PRESPRAY is available in 3.8L, 18.9L, 208L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.

Before use be sure to read and follow directions and precautions on product label and material safety data sheets (SDS).
