

## Specifications & Properties

Flash Point: Not applicable  
Physical State: White Liquid  
Flammable: NO

## Description

**Tire Shine** This product is a viscous white liquid that revitalizes and restores the original shine of tires, soft vinyl trim and black rubber bumpers

## Features & Benefits

- Economical concentrate
- Safe on all surfaces

## Applications

- Automotive
- Heavy Equipment

## Directions

**Tire Shine** Best results are achieved when sprayed directly onto the surface and allowed to dry. It may also be applied with a clean dry cloth or sprayed on and wiped to ensure an even application on the entire surface. Shake well before use.

## Packaging & Handling

**Tire Shine** is available in 3.8L, 18.9L, 208L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.

Before use be sure to read and follow directions and precautions on product label and material safety data sheets (SDS).
