

Specifications & Properties

Flash Point: Not applicable
Physical State: liquid
Flammable: NO

Description

This is a very concentrated liquid pressure wash detergent designed to be used in power washers with hot or cold water. It combines the cleaning properties of powders with the convenience of a liquid cleaner. It contains solvents and emulsifiers for degreasing and loosening of heavy soil deposits and detergents to remove all dirt and road film leaving a clean surface. This product is safe to use on all painted surfaces, metal parts, plastic, concrete and wood.

Features & Benefits

- Superior rinsing profile
- Phosphate free
- Economical concentrate
- Safe on all surfaces

Applications

- Automotive
- Heavy Equipment
- Buildings
- Skid Units
- Plants & Industrial site

Directions

For cleaning most surfaces with pressure wash equipment, dilute 1:40 to 1:100 with water. Best results are obtained by using hot water. Wet the entire surface to be cleaned with wash solution. Clean each section thoroughly. Rinse with cold water and allow to drain.

Packaging & Handling

JC Liquid is available in 20L, 205L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.

Before use be sure to read and follow directions and precautions on product label and material safety data sheets (MSDS).
