

THE MAD CHEMIST

Eureka

High-Pressure Wash

Specifications & Properties

Flash Point: Not applicable

Physical State: Yellow clear liquid

Flammable: NO

Description

Eureka is a mild, alkaline, non-corrosive product that effectively removes road film and soils from all surfaces. Designed for superior performance in high-pressure wash and foaming machines in an economical, highly concentrated formula.

Features & Benefits

- Superior rinsing profile
- Phosphate free
- Economical concentrate
- Safe on all surfaces

Applications

- Automotive
- Heavy Equipment
- Buildings
- Skid Units
- Plants & Industrial site

Directions

Eureka is a highly concentrated formula. For use in high-pressure washers & foaming machines. **Directions** Manual Cleaning - Dilute at 6 - 25 ml per litre of water. Apply with brush, cloth or sponge. Rinse thoroughly with clean water. Automatic Machine - Adjust feed ratio to produce desired amount of foam and cleaning performance. 1:100 to 1:250 is standard rate. **Spray** affected area with **Eureka**, allow product to penetrate and lift deposits. Rinse with water when finished cleaning affected area.

Packaging & Handling

Eureka is available in 3.8L, 18.9L, 208L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.

Before use be sure to read and follow directions and precautions on product label and material safety data sheets (MSDS).
