

THE MAD CHEMIST

Vinyl Shine

Specifications & Properties

Flash Point: Not applicable
Physical State: White Liquid
Flammable: NO

Description

Vinyl Shine This is a water based product that will protect and beautify vinyl surfaces such as dashboards and upholstery while leaving a lasting shine. It restores colour and lustre to vinyl siding on homes that has been faded by sunlight. It is a white, opacified product with silicone added through new micro emulsion technology that readily polishes and cleans surfaces to impart water repellency and high gloss..

Features & Benefits

- Economical concentrate
- Safe on all surfaces

Applications

- Automotive
- Heavy Equipment

Directions

Vinyl Shine Apply with a cloth, sponge or sprayer directly on to a clean dry surface. When applying on vinyl siding, it is important to wash the surface with a pressure wash detergent first.

Shake well before use.

Packaging & Handling

Vinyl Shine is available in 3.8L, 18.9L, 208L containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers. Before use be sure to read and follow directions and precautions on product label and material safety data sheets (SDS).
