

Specifications & Properties

Flash Point: Not Applicable
Physical State: Yellow Liquid
Flammable: Not Applicable

THE MAD CHEMIST

Description

This is an environmentally friendly product designed to help prevent asphalt from sticking to surfaces. It can be applied to delivery truck beds, shovels, and other tools. Its water-based formula creates a slippery non-stick surface that prevents the adherence of the asphalt.

Features & Benefits

- Non-corrosive to skin
- Readily biodegradable
- Non-stick surface
- Water based

Applications

- heavy equipment
- tractors, trailer
- vehicles
- tools
- truck beds

Directions

Dilute the product 1:5 to 1:15 with water. Apply to surfaces that will come into contact with asphalt. It is ideal for applying with a foaming unit.

Packaging & Handling

Available in 20L, 20L, 1000L Tote containers. Product can be stored in high-density polyethylene, polypropylene or fiberglass containers.

Before use be sure to read and follow directions and precautions on product label and material safety data sheets (SDS).
